

ESTELLA BARTLETT
Autumn Winter 2024

Our Story

Founded in 2011 by brother & sister duo Nick & Louise, the Estella Bartlett family has grown over the years to become the well-loved jewellery & accessories brand that it is known as today.

Based in the heart of London's Bermondsey Street, just a stone's throw away from the creative beacon that is The Fashion & Textile Museum, our in-house design studio is home to a close knit & passionate group of creatives, pouring their hearts into every design.

Jewellery With Meaning

So much joy can be found in the act of gifting, whether it's a birthday celebration, new job or token of love. Our signature jewellery collection was created to cherish those moments and mark the occasion with a sentimental gift.

Presented in our iconic cloud packaging, every piece of Estella Bartlett jewellery is designed in house with the utmost attention to detail and care. Crafted in brass and then plated in real Sterling and Yellow , our signature jewellery collection makes the perfect, affordable gift.

Autumn Winter 24

With the Autumn months approaching, the new Estella Bartlett collection calls upon the vintage inspired *Portraits In Bloom* capsule to effortlessly transport us to nature's landscape. From Bumble Bee charms captured in resin, to matcha green accessories, this collection is a modern interpretation of nature's influence.

Moving on to the Winter months, our second collection *The Illusionists* celebrates the up and coming party season. With night sky navy blues and iridescent highlights, our accessories reflect a true celestial twilight. Mirrored in the jewellery with Sunburst Hearts and North Star motifs. The design team re-imagined and transformed popular celestial charms we hope will be treasured for years to come.
